FRESHMEN ELECT CLASS OFFICERS

Their Colors Will Be Orange
And Black

Football Manager Resigns and Suc-
cessor Is Elected By the As-
sociation.

TEACHERS' LITERARY SOCIETY

Yesterday afternoon the freshman
class of the High school met and
completed election of officers. Miss
Mary Wheeler was elected president
last week and yesterday Miss Lucile
Harth was elected vice president;
George Wallace, Jr., secretary, and
Chester Kerth, class editor for the
Iskoodah. The class colors, orange
and black, were selected. Other elec-
tions will follow this week.

This morning Clark Bondurant,
first violin of the High school orches-
tra, returned from Milwaukee, and
rehearsals will begin for the big en-
tertainment to be given this fall.
Several big concerts with Choral
club features will be given this win-
ter.

Dr. Newell's Lecture.

The Rev. Thomas Jefferson New-
ell addressed the High school this
morning and talked generally, hav-
ing no particular subject. His address
was excellent and greatly appreciat-
ed.

Teachers' Society.

The Teachers' Literary society has
selected the course of study which
will be pursued this year and the
first literary meeting will be held
Friday, October 19, at the High
school, Supt. C. M. Lieb presiding.
The course of study selected is "Ad-
am's Herbartian Psychology." This
is the subject for the general meet-
ings. The special meetings, which
follow, will be more applicable to
the various grades. The general
meeting will last one hour and the
special meetings about three quar-
ters of an hour.

Football Manager Resigns.

On account of other duties D. A.
Yeiser, Jr., resigned as manager of
the High school football team and
Brent Jones was elected in his stead.
Games will be arranged with all sur-
rounding towns, but so far they
have been slow in organizing. The
Paducah team will go to Metropolis
Saturday and will meet Metropolis
here on October 20. The suits have
not yet arrived.

57 CLUB.

Capt. James M. Lang Talks of Or-
ganization.

Capt. James M. Lang and a num-
ber of other gentlemen are discuss-
ing the organization of a 57 club.
It is proposed to form a club of the
residents of the city or county who
were born in the year 1857. This
club would be similar in its purpose
to the '49 club, only to belong to it,
it is requisite to have been born in
this city or the county. They would
have an annual outing with their
families and around the picnic spread
or camp fire, grow reminiscent of
the good old days—their youth.
Capt. Lang has counted twenty-five
who would be eligible to member-
ship in the '57 club.

Charge of Wife Murder.

A trial which promises to arouse
more than usual interest is scheduled
to begin at Toms River, N. J., today,
when Dr. Frank Brouwer will be put
on trial charged with the murder of
his wife. It is alleged that Brouwer
caused his wife's death by giving her
ground glass and arsenic while os-
tensibly treating her for a sudden
and severe illness.

WATER NOTICE.

Patrons of the Water Company are
reminded that their water rent ex-
pired September 30. Those who de-
sire to renew them should do so be-
fore it is forgotten, as all premises
not paid for on or before October
10, will be shut off.

The prompt payment of water
rents will save vexation and cost to
the consumer, and unpleasant duties
and annoyance to the company.

Republican Convention.

The Republicans of the city of Pa-
ducah, Ky., are called to meet at the
city hall in the city of Paducah, Ky.,
on Thursday, October 11th, 1906,
for the purpose of nominating candi-
dates for the various city offices to be
voted for at the November election.

The convention will be called to or-
der at 2 o'clock p. m. and the viva-
voce manner of voting will prevail.

SALE OF COOPER'S REMEDIES ENORMOUS

Are Now Leading Topic in
St. Louis.

Interviews Obtained With Number of
Callers at Young Man's Head-
quarters.

WHAT PEOPLE HAVE TO SAY

St. Louis, Oct. 8.—The most in-
teresting feature of the enormous
sale of the Cooper preparations, now
going on in this city, is what the
medicines are actually accomplishing
among the people of St. Louis.

At the commencement of his visit
here Mr. Cooper prophesied that dur-
ing the latter part of his stay he
would receive hundreds of callers
daily who came simply to thank him
for what the preparations had done.
He also stated that stomach trouble
is the foundation for a great many
diseases, and that his New Discov-
ery, as it is called, would prove very
effective in all cases of rheumatism,
simply by getting the stomach in
working order.

That this prophecy has been ful-
filled cannot be doubted after a half
hour spent at the young man's head-
quarters, listening to what his call-
ers have to say.

A reporter who watched to ascer-
tain, if possible, some light on the
reasons for the immensity of Cooper's
success interviewed about twenty
of his callers yesterday afternoon.
The statements made by those seen
indicate that physicians who claim
that Cooper is merely a passing fad,
have not looked into the facts.

Some of these statements were as
follows: Mrs. Anna B. Hampton, liv-
ing at 1422 Michigan avenue, upon
being questioned, said:

"I have been troubled with gen-
eral debility, weakness, dizziness,
headache, sleeplessness and stomach
trouble, for over three years. I had
tried a number of medicines and vis-
ited several doctors but none help-
ed me. I heard on all sides of these
Cooper Remedies and decided to try
them. Any one who says that they
are not wonderful medicines, does
not know what they are talking
about. After I used the first bottle, I
noticed a decided improvement. I
have taken three bottles of the New
Discovery and I now feel as well as
I ever have in my life. I sleep and
eat as I have not done for years, and
I am happier than I have been for a
long time. I have come here to
thank Mr. Cooper for what he has
done for me."

The statement of John F. Ehrn-
dal, living at 927 N. Eleventh street,
was as follows:

"I have suffered with stomach
trouble and constipation for a year
or so. When I ate I would have bloat-
ed spells, sour stomach, fermenta-
tion, bad taste in my mouth. In the
morning, I was tired as when I went
to bed. I had a dull pain in the low-
er part of my back, and had to get
up several times in the night. I have
almost taken one bottle of the New
Discovery and I am so wonderfully
improved that I have come down
here to thank Mr. Cooper in person
and obtain more of the medicine."

Another statement was made by
Miss Margaret Gordan, living at 219
Center street, who said: "I have been
a sufferer with rheumatism for sev-
eral years. I have tried many reme-
dies, and have been treated by a
number of physicians. Nothing help-
ed me in any way and I despaired of
finding relief. I was in a general run-
down condition, also, and had some
stomach trouble. I was told by
friends of the Cooper remedies and
decided to try some of them. I pur-
chased some of the New Discovery
medicine, although it took me three
hours to do so, as the crowd was so
dense. This was last Thursday. I was
improved almost immediately."

"I have continued to take this
wonderful medicine and I am now
without a sign of rheumatism. My
general health is also greatly im-
proved, and I have not felt so well
for years. I would not have believed
that there was a medicine on earth
that would do what this has done for
me. I am so much happier that I am
very grateful to the man that has
made it possible for me to regain my
health. He has the most wonderful
medicine that I know anything
about."

Other statements taken from those
who had previously used the medi-
cines seem to prove that Cooper's
success throughout the country is
genuine.

Daily Thought.
"History makes its records in

TWO QUESTIONS SUBMITTED.
It is characteristic of this general
council and this administration, that,
in spite of the lack of enthusiasm in
the election of city officers, they
should add popular interest to the
event by according the people an op-
portunity to participate in the busi-
ness of the municipality. This coun-
cil has been close to the people than
any of its predecessors within the
memory of man. Two propositions
are submitted to the voters. One of
them, the water contracts, is printed
in today's issue of The Sun and
should be carefully studied. Of the
other, the issue of \$100,000 munici-
pal bonds for park improvement
purposes, we shall have more to say
in the future, and perhaps, the
board of park commissioners will
publish a carefully written expo-
sition of their whole scheme of park
development and the part which this
money is to play in the work. Suffice
it to say now, that the park
board composed of men of affairs,
who understand business methods,
has made certain that the bonds will
add not a cent to the city's standing
indebtedness in the long run, while
in no year will they increase the tax
rate, or interfere with any reduction
in the rate, which might otherwise
be possible. The estimate of the
board of park commissioners is based
on the fact that the park appropria-
tion is fixed by the state and can-
not be reduced by the city. At the
last session of the legislature, the
charter of second class cities was
amended to create a board of
park commissioners and in the same
act a levy of five cents on the \$100
was fixed as the minimum annual
appropriation for park purposes.
This levy under the present assess-
ment will amount to something like
\$6,000. It never will fall below that.
As the city grows—and the acqui-
sition of an extensive park system will
promote its growth—this fund will
steadily increase. Now the park
commissioners have estimated that
in 20 years this money would all be
available in annual installments. So
they concluded that the best way is
to secure the funds in a lump, use
them all during the first two or
three years and have the park sys-
tem coming on for the pleasure of
the generation, which must pay for
them, 15 years in advance of their
ordinary prospects. The advantage
of this scheme is manifest. The
whole system may be started and de-
veloped at once. Parks in all parts of
the city may be built at one time.
The legislature has so fixed it that
Paducah will have parks sooner or
later. If they are beneficial at all the
sooner they come the sooner we will
be benefited by them. Furthermore,

land can be purchased now more
cheaply than in future years, and
with the money available, the com-
missioners can carry out their plans
at a less expense than by having the
work done piecemeal. Any man's
experience will corroborate the last
statement. The park commissioners
have so planned their management
of the funds that a sinking fund will
be created out of the bonds and the
annual appropriation, by which at
the expiration of the term of last
outstanding bond the money will be
available with which to pay it off.

The measure of a man's limita-
tions is his ability to accept and se-
lect advice. The greatest men we
have today are the men who choose
the best aides, draw out the best that
is in them, and exercise nice judg-
ment in selecting and fitting togeth-
er the best suggestions of all. A
man's own brains are capable only of
a certain amount of first class ideas,
but the man who can use the brains
of other men, is the man, who is
taking the high place. His mind may
not be as superficially agile as some
others, compared as to their capaci-
ty for original thought his may sur-
pass; but his is the master mind, the
final finishing department of all
ideas that go to make for the suc-
cess of whatever great enterprise
they may be bent on. Some men
there are who start out on the road
to success with nothing to obstruct
their course as far as eye can see,
reach a magnitude of endeavor in a
short time that presages fortune,
and then as surely retrograde as at
first they progressed. The trouble?
The business gets too big for one
mind to control the details. It needs
trained, specialized minds for de-
partment heads, perhaps, with a
master mind over all to direct. The
business outgrows the man. He has
the capacity for grasping its details,
but not the faculty for developing
and directing other's thoughts.
There is more in business than mere
barter and sale, and when this is re-
alized we understand why some men
fall at the point where others begin
to succeed.

"I have walked with tramps and
talked with tramps the world over,"
said Dr. J. Milton Rhodes, "and ev-
erywhere they are the same degen-
erate type. Besides in the shuffling
gait, the resemblance to the ape is
borne out in the man's face. There
is not a sign of intelligence there.
Morally, physically and mentally the
tramp resembles the ape more and
more each generation."

Now, we would like to know what
the tramps think of Dr. Rhodes.

Dowie had another vision that
told him to give up the idea of
founding a colony in Mexico and to
raise \$1,000,000 in Chicago for the
purpose of restoring him to power,
in Zion. Dowie never has anything
smaller than a million dollar dream.

ENJOIN JOHNSON.
Charge That Cleveland Mayor Is Fi-
nancially Interested.

Cleveland, O., Oct. 9.—Charging
that Mayor Johnson is financially in-
terested in the success of the Forest
City Railway company, otherwise
known as the 3-cent-fare street rail-
way line and that he procured the
organization of the company, ob-
tained franchises for it, and has as-
sumed a financial responsibility in
behalf of the Forest City Railway
company—all of which is said to be
in violation of the law—the
Cleveland Electric railway filed to-
day in common pleas court a peti-
tion asking that all work on the
Forest City Railway company's lines
be enjoined.

Army Officers Convicted.
Washington, Oct. 9.—During the
last fiscal year, according to the
annual report of Gen. George B. Da-
vis, judge advocate general of the
army, issued today, 4596 trials by
general court-martial were held.
Fifty of these were of commissioned
officers, forty-two of whom were
convicted. Fourteen officers were
dismissed by sentence. In four cases
the sentences were commuted to loss
of rank, in two cases "resignations
for the good of the service" were ac-
cepted, and in one case the sentence
was dispensed.

About 50 per cent of the enlisted
men convicted by general court-mar-
tal received sentences involving dis-
honorable discharge, and about 5
per cent of these sentences were
awarded in view of previous convic-
tions. The trials of general court-
martial during the year showed a
decrease of 204, as compared with
the previous year.

The practice of selling clothing is-
sued to enlisted men, the report
says, continues, in spite of all ef-
forts, to suppress it. Those who sell
the clothing and those who buy it
have been prosecuted vigorously.

engaged in a desperate battle last
evening just as the whistles blew at
6 o'clock. They had planned a fight
and lost no time in "mixing up"
after the signal for dropping tools
and stopping machines sounded.

The fight occurred in the stock
room. Marshall had quarreled with
the other boys earlier in the after-
noon. Marshall made his way from
the machine room to the stock room
and no sooner did he arrive than he
claims all three attacked him.

Holland, Marshall says, had a
steel roller used on one of the ma-
chines weighing about two pounds
and with this he struck Marshall
several times over the head. It is
alleged by Marshall that the two
companions of the Holland boy also
attacked him.

Dr. Adrain Hoyer dressed the
wounds and pronounced them not
serious. The fight was stopped be-
fore the boy was seriously wounded.

At the police station this morning
Marshall swore out a warrant
against the three and the police are
after them today.

School for Railway Employees.
San Francisco, Cal., Oct. 9.—
The Southern Pacific has arranged
to make a new move in scientific rail-
road training. Arrangements have been
made to start a school for the educa-
tion of railroad employees holding
responsible positions. The school
will be started at Sparks, Nev., in
connection with the university of Ne-
vada, under the joint supervision of
the railroad and the university. The
subjects to be taken up will include
arithmetic, elementary mechanics,
mechanical drawing, link motion and
valve motion.

How the Blood Flow Affects Health.
Few people appreciate the neces-
sity of keeping the blood in every way
in good condition if they would have
good health.

There are two factors in disease,
which, by an endless variety of chan-
ges and combinations define every
departure from normal conditions.

These are the BLOOD and the
NERVES. They sustain life, and
END IT.

The blood must maintain a steady,
swift and equal flow or bad conse-
quences follow. Every organ and tis-
sue must get its right share of blood,
no more, no less. Stop it and the sys-
tem is soon poisoned with accumu-
lated body sewage, and lack of prop-
er nourishment sets up, headaches,
tired, worn out sensations, no life,
no energy and other kindred ail-
ments follow.

Right the blood flow, and they all
leave.

This is the Osteopathic theory. It
merely goes back to the beginning
of disease. It finds most disease is
associated with an abnormal blood
flow.

Especially during the fall and win-
ter months it is necessary to keep the
blood flow right. Exercise of the
right sort is a good stimulant for
circulation, but the dry hot air treat-
ment, followed by the Osteopathic
treatments, which I am giving with
such marked good results, is the best
treatment yet discovered.

Why? Simply because they go to
the basis.

Come to see me at any time and I
can easily satisfy you that I can soon
build up the run-down system, while
you are attending to your usual du-
ties. I shall, too, be pleased to refer
you to people you know well who are

Culley's Talk to
Men and Boys

We want you to watch
this space daily. It is a
small space, 'tis true, but
it will contain some big
things, as you will see.
Every day we shall tell you
something the new store is
showing, and just how
much better and cheaper it
is than you will find else-
where, so watch this space.
It means money to you.

Today we want to call
your attention to a special
shirt we are selling at a
dollar. In fact it is a \$1.50
shirt, but by a fortunate
purchase we can sell it at a
dollar.

Our other shirts are
catching the fancy of the
particular dressers, espe-
cially is the large plaided
bosom shirts we show for
fall, but we have every
style, and a big, wide var-
iety of patterns, at \$1.50
to \$3.00.

Remember, with most of
our shirts we give an extra
pair of cuffs to be attached
when the others fringe out.

BOARD OF HEALTH.
Adopt Some Stringent Regulations
at Meeting.

All slaughterhouses must be mov-
ed outside the city limits in a year.
This is the edict of the board of
health pronounced at the regular
meeting last night. The board also
considered the matter of fixing the
responsibility for tearing down
warning cards posted on houses in
which there is a contagious disease.
The general council was requested
to enact an ordinance fixing the re-
sponsibility on the head of the house
and making it an offense punishable
by a fine to permit the card to be
torn down.

Bennie Melton.
Bennie Melton, 14 years old, son
of John Melton, of 927 North Sixth
street, died yesterday afternoon at
3:30 o'clock of malaria fever. The
body was buried this afternoon in
Oak Grove cemetery.

Miss Emma Hahs, of Bandana,
this morning entered the nurses'
training school at Riverside hospi-
tal.

the special farmers' institute and it
was thought would be most conven-
ient. The object of the meeting will
be to devise means to put into prac-
tical operation the provisions of the
report creating the association. A
plan for getting each county thor-
oughly organized will be adopted.

DAILY ARRIVALS

Are becoming common occurrences at our store. Every day we show an entire new line and assortment of all classes in Ready-to-Wear Garments.

LOCAL LINES.

—For Dr. Pendley ring 416.
—C. L. Brunson & Co. have moved their flower store to 529 Broadway.

—The pedestals and figures for the Seventh and Sixth street entrances to the court house arrived yesterday afternoon from St. Louis and will be placed in position immediately. The pedestals are low and support figures of boys holding their hands aloft. Electric lights are placed in the hands. The figures are of zinc, and weather proof.

—Dr. Gilbert, Osteopath, 400 1-2 Broadway. Phone 196.

—James R. Maury, a carpenter at the Palmer House yesterday afternoon about 3:30 o'clock, was working on a scaffold when a beam fell and broke his support down. Maury's right foot was caught under heavy timbers in the fall and badly crushed. Dr. Johnston Bass dressed the injury.

—Fire sale of wall paper. Kelly & Umbagh. All papers at half price, 321 Kentucky avenue. Phone 665.

—The board of public works will this afternoon inspect all the bluish street work on Jefferson street, Broadway and Kentucky avenue and side streets. The contractors have finished this work, even down to leveling several depressions in the street at different places.

—One load of our coal will make you an advertiser for us. Bradley Bros. Phone 339.

—Sheriff Eley, of Marshall county, has notified the police to arrest a negro, James Williams, if found here. Williams is alleged to have stolen two mules.

—Dr. J. V. Voris, dentist, 200 Fraternity building.

—The board of fire and police commissioners will meet tonight for the purpose of electing a patrol driver. The meeting last night was postponed on account of Mayor Yeiser and Clerk Bailey being busy in the board of aldermen meeting.

—Five hundred score cards for sale at The Sun office—twenty-five cents each.

—Mr. Smith Boyd, a well known carpenter, is ill at his home on North Twelfth street and in destitute circumstances. He has two little children who are supported by neighbors. Boyd is suffering from a complication of diseases, and lost his wife not long ago. He is well known and many friends have come to his assistance.

—Old Reliable Carterville, Ill., washed nut, and egg coal is the cheapest. Bradley Bros. Phone 339.

—Carpenters this morning began tearing apart that portion of the wooden platform at the northwest end of the Illinois Central passenger depot, preliminary to the installation

Some Heirlooms.

The Courier-Journal's Sunday Washington letter says:

"There's a lot of interesting old loot in Washington if you just snoop around and find it. For instance, quite negligé and en passant and things of that sort, not long ago an antiquarian from Kentucky ran afoul, in an old book store on F street, near Fifteenth, of a precious tome, that filled her with delight. The volume is a prayer book, once the most intimate devotional work of Gov. Shelby, the first governor of Kentucky. It is strongly bound in brown leather, with gilt lettering still undimmed, although printed in 1775. The book contains the date of Gov. Shelby's marriage to Susanne Hart and the births of their six children, as well as a poem in the distinguished Kentuckian's own, old-fashioned handwriting. The proprietor values the prayer book at \$100. A number of other books from Gov. Shelby's library are in the same quaint collection."

Miss Scott's Dance to Visitors

Miss Marjorie Scott's dance this evening in compliment to her guest Miss Bruen of Webb City, Missouri, is a delightful social event of the week. It will be given in the large dining hall of the Craig House from 9 to 12. The German will be led by Mr. John Brooks. In the receiving line will be: Miss Scott and Mr. Edwin Paxton; Miss Bruen and Mr. Charles Cox; Mr. and Mrs. Henry Rudy; Mrs. Thomas Hall and Mr. Richard Scott; Miss Frances Wallace and Mr. Frank Davis; Miss Martha Davis and Mr. Edward Bringham; Miss Susie Thompson and Mr. Morton Hand; Miss Elizabeth Sinnott and Dr. I. B. Howell.

Social Evening.

The Senior Epworth league of the Broadway Methodist church enjoyed a pleasant reunion last evening in the league parlors of the church. The evening was under the auspices of the social and literary department of the league. Interesting talks on "Things I Saw During My Summer Vacation" were made by a number of leaguers. Shading dish refreshments were served.

Delphic Club.

The Delphic club met in regular weekly session this morning in the club room at the Carnegie library. The "Celtiberians and Roman Spain" and "Spain under the Gothic" were subjects of able papers, together with reading from "The Vision of Don Roderick."

Surprise Party.

The friends of Miss Bessie Theobald gave her a surprise party last night at the residence of Mr. and Mrs. L. B. Branton, of the south side. There were about 18 couples present and the occasion was most pleasant.

Matinee Musical Club.

The active members of the Matinee Musical club are called to meet on Wednesday afternoon at 3 o'clock at the apartments of the president, Mrs. Hubbard S. Wells, in the Empire flats on Broadway.

Miss Roxie Sneed has returned from Memphis, Tenn.

Coroner Frank Eaker has returned from St. Louis.

Miss Rose Rowley, of Cairo, has returned home after visiting Miss Lucile Pennywitt.

Mrs. Horatio Reed has returned to Chicago after visiting her father, Doc Hayes, the barber.

Mr. Joseph Rothschild went to St. Louis yesterday.

Mr. and Mrs. Barney Cleary and Mr. and Mrs. Clarence Ellithrope leave this week for a western tour.

Miss Olive Kreichhouse, of Mt. Vernon, Ill., returned today after visiting her sister, Mrs. Louis W. Henneberger, who accompanied her.

Mrs. George C. Crumbaugh and daughter, Miss Marjorie, have returned from visiting in eastern Kentucky and New Albany, Ind.

Mr. A. A. Herdy and son leave today for New Orleans to be gone about ten days.

Mr. James Ferriman and wife, of Grand Rivers, were here yesterday en route home from Springfield, Ill., where they attended the state fair.

Mr. R. J. Little has gone to Paragould, Ark., to locate.

Mrs. Lucy Robison Ford has returned from Richmond, Va.

Miss Caroline Ham is ill at her home, 313 North Sixth street.

Miss Rubie Corbett went to Louisville last night for a short stay.

Mr. Lon Rogers, formerly of the Kentucky Printing company, has re-

signed and this morning went to Eddyville to accept a position on the Record.

Mr. George Bondurant, foreman of the Illinois Central planing mill, is off duty enjoying a fishing expedition. His place is being filled by Mr. Enoch Brown.

Constable A. C. Shelton, of Mechanicsburg, is out today after a brief illness of stomach trouble.

Miss Mattie Conley, of Wickliffe, has accepted a position in Riverside hospital to become a trained nurse.

Attorney Cecil Reed went to Benton this morning on business.

Miss Mabel Norman arrived this morning from Mayfield to visit the Misses Coleman on Jefferson street.

Judge William Reed left this morning for Hopkinsville on business.

Mr. S. Pels left this morning for Evansville, Ind., and was accompanied by Miss Well who has been visiting in the city.

Misses Jimmie Rice and Edna Bucky, of the Cumberland Telephone company, are ill today.

Dr. H. M. Childress, will leave tonight for Owensboro, Ky., to attend the State Medical association.

Mr. and Mrs. O. D. Schmidt are the parents of a girl baby.

Mr. Jesse Biggs, of South Sixth street, left Monday afternoon for Charleston, Mo.

Negro Bishop Urges Prayer.

New York, October 9.—Pursuant to an appeal issued recently by Bishop Alexander, Walters of the African Zion M. E. church, prayers were offered in practically all of the negro Protestant churches in this city Sunday for more cordial relations between white people and the negroes of the southern states.

In some instances the race problem formed the theme of the pastor's sermons. In his appeal Bishop Walters declared that recent race riots in the south have given evidence that the whites were attempting to "degrade and destroy 10,000,000 American citizens."

Amputated Mule's Tail.

While C. P. and B. W. McIntosh, farmers of Maxon Mills, were at the market looking for a purchase for a match team of mules, which the owners had carefully groomed, somebody went into the wagon yard, where the mules were hitched and cut off the tail of one.

First Confederate.

A statue of Lieut. Col. Jabez Lamar Monroe Curry, which has just been placed in Statuary hall at Washington, is the first of a Confederate hero to be given such a position. It is the gift of the state of Alabama and there has been rumor of opposition to its acceptance in congress.

Don't get careless and drop too many hints.

Theatrical Notes

KENTUCKY THIS WEEK.
Tuesday "A Texas Ranger"
Wednesday "House of Mystery"
Friday Father Nagle lectures

Coming to the Kentucky theater for one performance tonight, is the latest creation from the prolific pen of the author of western melodrama—Mr. Ernest Stout—entitled "A Texas Ranger." Well has it been termed "an atmospheric play of the plains," teeming as it does with the prairie's glowing life, and the hap-hazard but withal chivalrous characteristics of a people who roam the wilds and live the frontier life at the military post in the land where nature abounds, and the "lone star" sheds a greater radiance over a larger territory than is covered by any other state in the union. The play consists of four acts full of action from start to finish—from the rise of the curtain till the happy ending and wedding at the close.

House of Mystery.
The Mittenhall Brothers Amusement company will offer at the Kentucky for one night, Wednesday, October 10, Langdon McCormick's sensational comedy drama, The House of Mystery, a play written in four acts, full of sentiment, pathos, comedy and entirely new characters seen in attractions of this kind. The scenic equipment and electrical effects are good. The third act introduces the "Black Five," a secret evil organization that makes an impression upon the audience not soon to be forgotten. The weird surroundings, awe-inspiring ceremonies, electrical novelties and stage effects as used in their initiation scene must be seen to be appreciated. The House of Mystery is a play unfolding a story of love, devotion and villainous scheming.

Father Nagle
The Rev. Father Nagle, of Dubuque, who was heard here the past summer at the Chautauqua, will deliver an address on Columbus at the Knights of Columbus entertainment celebrating Columbus Day, October 12. Father Nagle is a gifted speaker, and his address on the great explorer is reputed to be one of his best efforts.

Mr. W. B. Kennedy will leave in ten days for Europe. He will visit the tobacco interests he represents, in Switzerland, Italy and France.

DOCTORS PROTEST.

Can Not Leave Horses Hitched in Front of Offices.

There'll be one vigorous protest to the proposed new ordinance limiting the time a buggy or wagon may stand on the improved streets in the business section. At the meeting of the McCracken County Medical society tonight, this new ordinance, which will hit the doctors hardest, will be considered, and it is probable that they will enter a protest against its adoption. The new ordinance includes all the new streets, and hence a doctor with an office on Broadway would have to send his horse at least three blocks away.

Poisoned With Toadstools.

Munfordville, Ky., Oct. 9.—The family of Will King, of Hart county, was poisoned by eating toadstools for mushrooms and his six-year-old daughter and son, aged 12 years, are dead. Another child is not expected to live.

Mr. E. T. Lucas is sick at his home on Seventh street.

POLICE HUNTING THE OTHER.

When Giffner Segenfelder, the five-year-old son of Mr. James Segenfelder, the druggist, went into his father's house at 626 Kentucky avenue, which has been vacant two months to look for puppies, he found instead what he supposed to be a spook, and went post haste to his parents and broke the startling news.

An investigation revealed trespassers and a warrant followed. As a result Mary Craig was presented in police court this morning and the police are looking for her companion, who, with the woman, had taken possession of the house and slept in it for several weeks.

Mr. Segenfelder stated that he could not lock the rear door because it is swollen. This is the way entrance was effected. During the warm weather before the rain set in the pair slept in the coal house, but when the rain set in they moved their portable bed into the house. The Craig woman was dead drunk when the little Segenfelder boy ran into the room. When roused she could not tell her name and has since refused to give the name of the man. The police think they know him and are after him. The case against the woman was continued.

Mr. Segenfelder stated that he was afraid the negroes might set fire to his house and for this reason is prosecuting them. The door has been repaired and no more intruders can enter.

Announcement.

Having been petitioned by a large number of citizens to submit my name as candidate for the nomination for re-election as school trustee from the Fourth ward, on my record as a member of the board of education, subject to the action of the Republican convention October 11, I take this method in replying to the petitioners and announce myself as a candidate subject to the action of the convention, and if elected, I will continue in the future, as I have in the past to stand up for the right of home talent and a higher educational standard for the schools of Paducah. P. J. BECKENBACH.

Street Car Franchise for Sale.

On Saturday, the 26th of October, 1906, about the hour of 10 o'clock a. m., at the door of the City Hall, I will offer for sale a street car franchise, for a term of 20 years, according to ordinance recently passed by the city council.

The ordinance is on file in the Auditor's office and can be seen by those desiring to purchase. This sale is made subject to the approval of the General Council.

The city reserves the right to reject any and all bids. Respectfully,
D. A. YELDER,
Mayor of the city of Paducah, Ky.

The strain of the market should be the gain of good morality.

Among the lounge around the Fowler-Crumbaugh boat store, who go there to see the daily bulletin of river stages, a new element has entered. The farmers owning lands on the river are watching the rise of the river uneasily. They can stand a few more feet rise but over that much of their corn crop would be ruined. One farmer said two more feet would wash away all his bottom land corn. The rise registered by the gauge this morning was not great, but the gauge shows a stage above 21 feet.

The Joseph B. Williams passed up this morning from New Orleans with a tow of 22 empties. The Williams may have to wait here for high water before going up. That sounds rather absurd when the stage is 21 feet here, but most of the rise here has come from the Cumberland and Tennessee rivers. The Ohio above the mouth of the Cumberland is not high.

The Clyde arrived yesterday morning at 9:30 o'clock from the Tennessee river with a big trip. That is an early hour for the Clyde to arrive, the usual hour being after dark on Monday. The high stage of the Tennessee river made it easier to load the freight as the wharves along the river are much shorter. The trouble will come when the river recedes leaving the muddy banks. The Clyde has been carrying loads of lumber for Jty Railway company, otherwise known as the 3-cent-fare street railway line and that he procured the organization of the company, obtained franchises for it, and has assumed a financial responsibility in behalf of the Forest City Railway Company—all of which is said to be in violation of the law—the Cleveland Electric railway filed today in common pleas court a petition asking that all work on the Forest City Railway company's lines be enjoined.

The Speed probably will leave the last part of the week for the Mississippi river. Some brass work is delaying placing the wheel in position.

There is a dispute on in the Waterways Journal as to whether there was a steamboat on the Ohio river in the early days named the Pennsylvania. Capt. Mark Cole, one of the oldest steamboatmen in this section, settles the question beyond doubt.

"Yes, there was a boat by that name and she ran from Cincinnati to New Orleans. At that time there were some of the finest and fastest boats ever seen, seven of them, and there was a boat daily for either terminal.

TENTH AND SECOND PROBABLY

Washington, Oct. 9.—A vigorous campaign in Kentucky is being planned by the managers of the Democratic congressional committee, John Sharp Williams, of Mississippi, the minority floor leader in the house of representatives, is assigned to play a star part. Bryan is another speaker who, the committee hopes, will campaign in Kentucky.

Representative Williams is expected to make at least two speeches in Kentucky, one each in the Third and Ninth districts. Representative Richardson, in the former, is conceded by the Democratic managers to need assistance to enable him to be re-elected. In the Ninth district the Democrats are anxious to overcome Representative Bennett's majority.

Mr. Williams has not been asked to speak in the districts now represented by Messrs. Stanley and Hopkins. In spite of reports from Kentucky to the effect that Democrats are preparing to knife Mr. Stanley and nominate an independent candidate and that John W. Langley has a cinch on the Tenth district.

nia and also other boats, but at the time I was a mere boy."

The transfer steamer DeKoven, of Paducah, belonging to the Illinois Central railroad, on her way to St. Louis to go on the ways for repairs, met with an accident Sunday morning. Saturday night she was compelled to tie up to the Mississippi bank above Thirty-sixth street, Cairo, and in trying to get out Sunday morning tore the right wheel off and otherwise damaged herself. The high wind was the cause. She made temporary repairs and got off for St. Louis Sunday afternoon.

It is authoritatively announced that on last Saturday there were upwards of 400 coalboats and 150 barges containing in the neighborhood of 30,000,000 bushels of coal hitched to towboats at Pittsburg awaiting a stage of water to take them down the river.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will continue falling during the next 12 to 24 hours, then remain practically stationary for a day or two. At Paducah and Cairo, not much change during the next 12 hours, then fall for several days.

The Tennessee at Florence, will continue falling. At Johnsonville, will commence falling within the next 12 hours and fall for several days.

The Mississippi from below St. Louis to slightly above Cairo, will continue falling.

CHAPTER IV.

IN his stately bedroom on the second floor of the quietest house in Russell square Mr. Thomas Osgood—the eccentric Osgood—lay, perhaps, asleep.

Thomas Osgood had written the finest history of an extinct people that had ever been penned; and it has been decreed that he who writes a fine history and paints a fine picture can hardly be too eccentric. Our business, however, does not lie in the life of this historian—a life which certain grave wisecracks from the west (and had shaken their heads over a few hours before we find him lying prone on a four-poster, counting for the thousandth time the number of tassels fringing the roof of it. In bold contradiction of the medical opinion, the nurse was, however, hopeful. Whether this comforting condition of mind arose from long experience of the ways of doctors or from an acquired philosophy it is not our place to inquire. But that her opinion was sincere is not to be doubted. She had, as a matter of fact, gone to the pantomime, leaving the patient under the immediate eye of his son, Guy Osgood.

During the last forty-eight hours Guy Osgood had made the decision that life without Millicent Chyne would not be worth having, and in the hush of the great house he was pondering over this new feature in his existence. Like all deliberate men, he was phlegmatically sanguine. Something in the life of a sage sport that he had led had no doubt taught him to rely upon his own nerve and capacity more than most men do. It is the indoor atmosphere that contains the germ of pessimism.

His thoughts cannot have been disturbed, for presently his eyes closed and he appeared to be slumbering. If it was sleep, it was the light unconsciousness of the traveler; for a sound so small that waking ears could scarce have heard it caused him to lift his lashes cautiously. It was the sound of bare feet on carpet.

Through his lashes Guy Osgood saw his father standing on the hearth rug within two yards of him. There was something strange, something unnatural and disturbing, about the movements of the man that made Guy keep quite still—watching him.

Upon the mantelpiece the medicine bottles were arranged in a row, and the "eccentric Osgood" was studying the labels with a feverish haste. One bottle—a blue one—bore two labels; the smaller one, of brilliant orange color, with the word "Poison" in startling simplicity. He took this up and slowly drew the cork. It was a tincture for neuralgic pains in an overwrought head—belladonna. He poured some into a medicine glass, carefully measuring two tablespoonfuls.

Then Guy Osgood sprang up and wrenched the glass away from him, throwing the contents into the fire, which flared up. Quick as thought, the bottle was at the sick man's lips. He was a heavily built man, with powerful limbs. Guy seized his arm, closed with him, and for a moment there was a deadly struggle, while the pungent odor of the poison filled the atmosphere. At last Guy fell back on art; he tripped his father cleverly, and they both rolled on the floor.

The sick man still gripped the bottle, but he could not get it to his lips. He poured some of the stuff over his son's face, but fortunately missed his eyes. They struggled on the floor in the dim light, panting and gasping, but speaking no word. The strength of the elder man was unequalled—it frightened the younger and stronger combatant.

At last Guy Osgood got his knee on his father's neck, and bent his wrist back until he was forced to let go his hold on the bottle.

"Get back to bed!" said the son breathlessly. "Get back to bed!"

Thomas Osgood suddenly changed his tactics. He whined and cringed to his own offspring, and begged him to give him the bottle. He dragged across the floor on his knees—£2,000 a year on his knees to Guy Osgood, who wanted that money because he knew that he would never get Millicent Chyne without it.

"Get back to bed!" repeated Guy sternly, and at last the man crept sullenly between the rumpled sheets.

Guy put things straight in a simple, manlike way. The doctor's instructions were quite clear. If any sign of excitement or mental unrest manifested itself the sleeping draft contained in a small bottle on the mantelpiece was to be administered at once, or the consequences would be fatal. But Thomas Osgood refused to take it. He seemed determined to kill himself. The son stood over him and tried threats, persuasion, prayers, and all the while there was in his heart the knowledge that unless his father could be made to sleep the reported three thousand a year would be his before the morning.

It was worse than the actual physical struggle on the floor. The temptation was almost too strong. After awhile the sick man became quieter, but he still refused to take the opiate. He closed his eyes and made no answer to Guy's repeated supplication. Finally he ceased shaking his head in negation and at last breathed regularly, like a child asleep.

Afterward Guy Osgood reproached himself for suspecting nothing, but he knew nothing of brain diseases—those strange maladies that kill the human

in the human being. He knew, however, why his father had tried to kill himself. It was not the first time. It was pain. He was afraid of going mad, of dying mad like his father before him. People called him eccentric. Some said that he was mad, but it was not so; it was only fear of madness. He was still asleep when the nurse came back from the pantomime in a cab, and Guy crept softly downstairs to let her in.

They stood in the hall for some time while Guy told her in whispers about the belladonna liniment. Then they went upstairs together and found Thomas Osgood, the great historian, dead on the floor. The liniment bottle, which Guy had left on the mantelpiece, was in his hand—empty. He had feigned sleep in order to carry out his purpose.

They picked him up and laid him reverently on the bed, and then Guy went for the doctor.

"I could," said the attendant of death, when he had heard the whole story. "I could give you a certificate. I could reconcile it, I mean, with my professional conscience and my—other conscience. He could not have lived thirty hours. There was an abscess on his brain. But I should advise you to face the inquest. It might be—he paused, looking keenly into the young fellow's face—"it might be that at some future date, when you are quite an old man, you may feel inclined to tell this story."

Again the doctor paused, glancing with a vague smile toward the woman who stood beside them. "Or even nurse," he added, not troubling to finish his sentence. "We all have our moments of expansiveness. And it is a story that might easily be discredited."

So the eccentric Osgood finished his early career in the intellectual atmosphere of a coroner's jury. And the world rather liked it than otherwise. The world, one finds, does like novelty, even in death. Some day an American will invent a new funeral, and if he can only get the patent, will make a fortune.

The world was, moreover, pleased to pity Guy Osgood with that pure and simple sympathy which is ever accorded to the wealthy in affliction. Every one knew that Thomas Osgood had enjoyed affluence during his lifetime, and there was no reason to suppose that Guy would not step into very comfortably lined shoes. It was unfortunate that he should lose his father in such a tragic way, and the keen eye of the world saw the weak point in his story at once. But the coroner's jury was respectful, and the rest of society never so much as hinted at the possibility that Guy had not tried his best to keep his father alive.

Among the letters of sympathy the young fellow received a note from Lady Cantourne, whose acquaintance he had successfully renewed, and in due course he called at her house in Vere Gardens to express somewhat lamely his gratitude.

Her ladyship was at home, and in due course Guy Osgood was ushered into her presence. He looked round the room with a half suppressed gleam of searching which was not overlooked by Millicent Chyne's aunt.

"It is very good of you to call," she said, "so soon after your poor father's death. You must have had a great deal of trouble and worry. Millicent and I have often talked of you and sympathized with you. She is out at the moment, but I expect her back almost at once. Will you sit down?"

"AND what do you intend to do with yourself?" asked Lady Cantourne when she had poured out tea. "You surely do not intend to mope in that dismal house in Russell square?"

"No, I shall let that if I can."

"Oh, you will have no difficulty in doing that. People live in Russell square again now, and try to make one believe that it is a fashionable quarter. Your father stayed on there because the carpets fitted the rooms and on account of other ancestral conveniences. He did not live there. He knew nothing of his immediate environments. He lived in Phoenicia."

"Then," continued Guy Osgood, "I shall go abroad?"

"Ah! Will you have a second cup? Why will you go abroad?"

Guy Osgood paused for a moment. "I know an old hippopotamus in a certain African river who has twice upset me. I want to go back and shoot him."

"Don't go at once; that would be running away from it—not from the hippopotamus—from the inquest. It does not matter being upset in an African river; but you must not be upset in London by an inquest."

"I did not propose going at once," replied Guy Osgood, with a peculiar smile which Lady Cantourne thought she understood. "It will take me some time to set my affairs in order—the will and all that."

Lady Cantourne waited with perfectly suppressed curiosity, and while she was waiting Millicent Chyne came into the room. The girl was dressed with her habitual perfect taste and success, and she came forward with a smile of genuine pleasure, holding out a small hand neatly gloved in suede. Her ladyship was looking, not at Millicent, but at Guy Osgood.

WATER CONTRACT MEETS APPROVAL

Board of Aldermen Will Give Second Reading To

Park Road Issue Will Come Before People at the Election in November.

SUPERVISOR OF BRICK WORK.

The board of aldermen met in adjourned session last night. Several ordinances were passed, among them being the park bond issue and the ordinance placing the new contract with the water company before the people for a vote.

Alderman Farley was the only absentee. A petition for sidewalks on Fountain avenue and Monroe street was referred to the street committee.

A deed to the city for property on Broadway necessary to open Tenth street, for \$109 per front foot, was ratified. This is the property the park commissioners desire to convert into a boulevard.

Mayor Yeiser read an opinion from James Campbell, Jr., saying that on account of a technicality he could not recommend the contract sustained. The matter was referred with the understanding that the ordinance be drawn anew. This is the contract for sidewalks on South Fourth street from Norton street to Husbands street.

The board ratified the compromise of \$250 for \$500 to the American Road Roller company for the city steam street roller. This was a balance due. The company agrees to give \$100 for the old street roller. The latter proposition was accepted.

A petition for five extra lights, in addition to the increased number of lights, was presented. This came from the superintendent of the lighting plant. The petition also asked that no hitching be allowed on Broadway between Fifth and Sixth streets. The petition was drafted in the board of works. The petition was favorably acted on.

Chairman Palmer, of the water committee, reported a contract with the Paducah Water company, which will have to be voted on by the citizens of Paducah. The new contract is relative to the fire plug rental only. The matter was presented in resolution form, and was adopted. The ordinance pertaining to this matter was ordered brought in tonight.

The committee was ordered to bring in an ordinance for sidewalks on South Fourth street from Norton street to Husbands street.

The water company was ordered to install fire plugs at Second and Washington streets for the better protection of the big mercantile establishments near that corner.

The mayor was authorized to secure bids for horse feed for the city for the next year.

A petition to improve Eleventh street from Jackson street to Clark street was received and filed.

A petition to pave Fountain avenue from Jefferson street to Monroe street was referred.

A dedication of property for street purposes to W. C. O'Bryan, in the O'Bryan addition, was transferred to O'Bryan, the city not having acted.

An over assessment of license to James Bulger, was referred.

The report of the milk and meat inspector was received and filed.

The matter of paying costs in the case of Graves vs. the city of Paducah was favorably acted on.

Fifty dollars were ordered refunded to E. C. Eaker for saloon license, which was refused him.

On motion the Paducah Traction company was ordered to surrender all streets abandoned by it to the city.

Ordinance prohibiting "bucket shops" operating in the city of Paducah. First passage.

Ordinance for the issuance of \$100,000 bonds for park improvements, the matter to be placed before the voters, was given second passage.

Ordinance to rent from the Paducah Water company 411 fire plugs, for 18 years, first passage.

Mayor Yeiser stated that he wanted a called meeting at 1:30 this afternoon. The call was met with approval.

A petition was read asking for sidewalks on Bridge street for the benefit of school children.

Alderman Chamblin read a remonstrance to building a concrete walk.

The matter was settled by referring it to the street committee with power to act.

The matter of building a walk to the High school building was also referred to the street committee with power to act. This includes a walk from the Baumer dairy fill.

The report of the chief of police for fines and forfeitures was received and filed.

Oscar Denker, Jr., was granted a transfer of liquor license from 1043 to 1039 Kentucky avenue.

H. T. Vogel was granted a liquor license at 121 Kentucky avenue.

S. J. Lanham was granted a liquor license at 115 South Fourth street.

M. H. Gallagher, of 629 Trimble street, was granted a liquor license.

Trisley & Son, Sixth and Finley streets, were granted a saloon license.

George H. Goodman & company, at 108 North Second street, was granted a wholesale beer license.

Several deeds and transfers of lots in Oak Grove cemetery were ratified.

City Engineer Washington stated that the storm water sewers on Washington street were about finished, and he wished to have the question of payment of Second street sewers heretofore installed settled before he made out the estimates.

He stated that Jefferson street also was in the same predicament. Engineer Washington was in a quandary. The matter was referred.

Engineer Washington asked for a practical brick layer on the sewerage No. 2 system. He stated this was absolutely necessary. He stated the work so far had not been satisfactory. He needs a man to see that the brick work is put in right. The matter was referred with power to act, to the sewer committee and the city engineer.

A petition from property owners on Jefferson street between Eleventh to Twenty-fifth streets was read. Alderman Miller moved to have cinders placed on street railway crossings, the residents desiring relief from this source. The matter was referred to the board of public works.

A brick culvert was ordered under Husbands street at Cross creek and Sixth street to carry away the surface drainage water.

The board of public works was instructed to fill in bad places at First and Jefferson streets.

On motion the board adjourned.

NEWS OF KENTUCKY

State Medical Meeting.

Owensboro, Ky., Oct. 9.—The fifty-first annual meeting of the Kentucky State Medical association will open in Owensboro Tuesday evening with a business session of the house of delegates at the Ruddy House for the election of officers for the ensuing year. Three hundred delegates are expected to be present, and an attempt will be made to hold the most successful session in the history of the organization. As relaxations from the technical program for the meeting a barbecue will be given Wednesday afternoon closing with an evening at the Chautauqua park. On Thursday evening a river excursion will be given on a chartered steamer. The program feature of the meeting will be a semi-popular lecture on the "Tuberculosis Problem," by Dr. Joseph Walsh, of Philadelphia, president of the Pennsylvania Society for the Prevention of Tuberculosis.

May Bar Mutual.

Lexington, Ky., Oct. 9.—There is more than a probability that the Mutual Life Insurance company will be barred from Kentucky because of its dismissal of Col. Hindman as manager, Commissioner of Insurance Henry R. Prewitt has sent a telegram to President Peabody notifying him to appear in Frankfort on or before October 13 and give a full account of the action in discharging Hindman with strong instructions that if telegraphic accounts of the action are correct, Prewitt will revoke the license of the Mutual in Kentucky.

Central City, Ky., Oct. 9.—In a hard-fought battle Saturday for the right to sell whisky in the town of Central City, the wets won by a majority vote of twenty-one.

SEN. ROOSEVELT IS HIS AMBITION

Would Succeed Platt From State of New York.

Root Will Have Charge of Convention Work, Assuring Continuation of Policies.

SOUTH AMERICAN DIPLOMATS

Washington, Oct. 9.—Theodore Roosevelt, United States senator from New York to succeed Thomas C. Platt, when the latter's term expires March 4, 1909. This may sound strange to many, but it is among the probabilities.

President Roosevelt is sincere in his determination not to again be the candidate of his party for the presidency. He is unable to conceive of any conditions that would justify him in reconsidering his announcement that this is his last term in the White House. That the president would hold it an honor to represent his state in the United States senate cannot be doubted.

It is no secret that Secretary Root will have the guiding hand in directing his party in the next national convention. His successor, doubtless, will be the man Mr. Roosevelt favors, and he whom the president believes to be the best fitted for the continuance of the work he has mapped out, and which may not be completed when he retires from office. With such a man in the White House, and with Mr. Roosevelt in the senate, the Roosevelt policies, which have become so popular among the American people, regardless of party affiliations, would appear to be guaranteed for the future.

Changes Planned Among Diplomats.

Washington, Oct. 9.—Marked changes in the personnel of the Latin-American representation in Washington have taken place within the last three months, and as the season for activity in diplomatic circles approaches, great interest is shown in new diplomats from South and Central America, and there is much speculation as to appointments yet to be made. With the return of Secretary Root, after his remarkable tour of South America, public attention has been directed especially to the southern republics, and they have taken on an added importance in official circles. European diplomats no longer monopolize attention as they formerly did, and reports that Argentina is anxious to follow the example of Mexico and Brazil and elevate its mission in Washington to an embassy are causing much comment.

RAILROAD NOTES

Annual Report of Illinois Central.

Chicago, Oct. 9.—The annual report of the Illinois Central railroad for the first calendar year ended June 30, shows gross receipts from traffic of \$51,636,490, and expenses of operation and taxes amounting to \$36,437,500, leaving a net income from traffic above the cost of operation and taxes of \$15,198,990. The net income from investments and miscellaneous profits amounted to \$3,257,000, making the total net income of the system \$18,455,990. After the payment of fixed charges the total net income of the road was \$10,862,300. The amount paid out in dividends during the year was \$6,652,800, and for betterments on the system, \$4,164,700. The amount of \$1,133,826 was carried forward to the surplus dividend fund of next year.

Mr. Joe A. Rayburn, one of the best stenographers in the service, will leave tomorrow for Chicago to look into an offer made him by one of the biggest wheel manufacturing concerns in the Windy City. He is employed at present in the office of Master Mechanic R. J. Turnbull and his position will not be relinquished until he has settled the Chicago proposition.

LIGHT AND WATER COMMITTEE REPORT

To General Council on Con-
tract For Fire Plugs.

To Run for Eighteen Years at Cost
of \$20 for Ten Years and \$15
for Balance.

TO BE VOTED ON BY PEOPLE

Owing to the fact that the contract existing between the city of Paducah and the local water company for fire hydrants expires during the current month, it was incumbent upon the general council to negotiate for such service covering the remaining period which the franchise of the water company still has to run, to-wit: eighteen years.

After several conferences between the joint light and water committee and the officers of the water company, a scale of rates for fire hydrants was agreed upon by the committee and the water company. These rates have been embodied in a contract which will be submitted to the general council for such action as the wisdom of that body may determine. If the proposed contract is favorably acted upon by the general council, it must be submitted to the voters of the city at the next election and affirmatively ratified by not less than two-thirds of the votes then cast upon the question before a contract between the city and the water company can be finally executed.

It is therefore worth while for the voters of the city to carefully consider the terms of the proposed contract before casting their votes at the coming election, and if it appear that the proposed contract is to the advantage of the city, then to register their approval thereof upon their ballots.

In order that the voters may have an opportunity to become fully advised regarding the terms of the proposed contract, a copy of the same is herewith submitted, which reads as follows:

The Ordinance.

"Section 1. That the city of Paducah, Ky., agrees to rent and does hereby rent from the Paducah Water company, its successors and assigns, four hundred and eleven (411) double nozzle fire hydrants now established in said city for a period of eighteen (18) years from the passage and final approval of this ordinance, after an election by the people as hereinafter provided. The annual rental for each of said fire hydrants, which the city of Paducah hereby agrees to pay for the first ten (10) years of said term, shall be twenty (\$20.00) dollars and the annual rental for the remaining eight (8) years shall be fifteen (\$15.00) dollars, (unless the said city shall sooner purchase the water company's plant) with six (6) per cent interest upon deferred payments. The payments of said rentals shall be made as provided in the original ordinance contract.

"Section 2. All additional hydrants on extensions of mains that may be erected hereafter by the Paducah Water company, its successors or assigns, as provided in the original ordinance contract during the said eighteen years, shall be charged and paid for as provided in section one hereof; but at the expiration of ten (10) years from the time this ordinance shall have been finally approved, as set out above, all the then fire hydrants shall be charged and paid for at the uniform rate as above provided and the contract therefor shall expire at the end of

eighteen years fixed in section 1.

"Section 3. Before this ordinance shall become effective, it shall be submitted to a vote of the qualified voters of the city of Paducah, Ky., at the general election to be held in said city on the 6th day of November, 1906, the said vote to be taken in the manner and as provided by law for the submission of public questions to the voters of said city.

"Section 4. This ordinance shall take effect and be in force from its passage, approval and ratification by the qualified voters of the city of Paducah, Ky., and a written acceptance of its terms and conditions by the Paducah Water company filed with the clerk of the city of Paducah, Ky., within ten (10) days after the official certificate of its approval at the popular election."

The Present Price.

At the present time the water company has installed for the use of the city 411 fire plugs, which under the old contract are rated and cost each year as follows:

150 fire plugs at \$10.....\$6,000
30 fire plugs at \$30..... 900
231 fire plugs at \$25..... 5,775

Total\$12,675

Under the proposed contract this same service would cost the city but \$8,220 for each of the first ten years of the contract, a saving upon the number of hydrants now installed of \$4,455 per annum and for the ten year period a saving of \$44,550.

For each of the last eight years which the franchise has to run, the cost for 411 hydrants would be \$6,165, a saving to the city of \$6,510 per annum or of \$52,080 for the entire eight years of the franchise, making a total saving to the city between the existing contract and the proposed contract of \$96,630.

There is nothing contained in the proposed contract changing the rights of the city or those of the water company under the original franchise. The city still retains the right to purchase the water company's plant at the expiration of each five year period, in accordance with the terms of the original franchise.

This committee has also compared the rates contained in the proposed contract with those in effect in 127 other cities for the same class of service and finds the proposed rates lower than those paid by any of those cities. The approximate average cost per hydrant in the number of cities mentioned above is \$48.

The rates referred to were submitted by the local water company and this committee assumes that the figures are correct. The list of the cities with the rate paid in each is on file with this committee and anyone desiring to verify the figures contained therein may have the opportunity of doing so at any time.

It should also be borne in mind that until a new contract is entered into between the city and the water company, that the rates charged under the existing contract will maintain. The only alternatives offered to escape from the old rates are either to make a new contract or to discontinue the service, the latter of course, being quite impossible.

Therefore, this committee has no hesitation in recommending to the general council and to the voters of the city of Paducah, that the proposed contract be ratified.

Judge Puryear in police court this morning fined the Paducah Distilleries company \$50 and costs in one case and dismissed three other cases for selling liquor without a license. The firm was refused a license. Lee Hite, a saloon keeper, was fined \$25 and costs for selling liquor to Will Morris and Charlie Thomas, colored minors, and the boys who were made disorderly by the liquor, were dismissed with a reprimand.

LATE BASEBALL NEWS

Buck Freeman Here.

Jim Freeman, commonly dubbed "Buck," the Dresden, Tenn., boy who came to Paducah and pitched the first season of the Kitty league with Jackson against the Indians, and who later joined the Paducah team and played successful ball here, returned to the city last night and will remain here a few days. "Buck" is heavier and in good trim. He says that he had good control, a fine arm and much speed this season and used his upshoot ball only in pinch. Buck has been sold to the Chicago White Stockings and will report in the spring for his work out. He thinks,

PRACTICAL TURN TO IMMIGRATION

Given By Convention Recently Held in Paducah.

Louisville Times Thinks Southwestern Kentucky Is Setting Good Example.

STATE WILL PROFIT BY IT

Speaking editorially of the recent immigration convention, the Louisville Times says:

The Paducah convention on immigration, has given a practical turn to the heretofore theoretical discussion of immigration for Kentucky. In perfecting an organization in each of the counties of southwestern Kentucky and southern Illinois, in providing for an annual convention at Paducah and in determining on definite measures to secure immediate Austrian immigration, the convention has taken the first actual step in an experiment from which, Kentucky owing to the comparatively small number of its negro population, is more likely to profit than any southern state.

In so doing, however, Kentucky has not led the way. The ultra-southern and conservative city of Charleston has already closed a contract for the importation of a shipload of Belgian immigrants, and a land company of North Carolina has, for some months, had as its direct representative in Austria, Germany, Roumania and Hungary, a former commissioner of immigration, who is entrusted with the responsibility of selecting the best classes of those who are appealed to by his representation of the advantages awaiting them in North Carolina.

If Kentucky is to get a desirable class of immigrants the plan of the Paducah convention and of the North Carolina land company must be, in the main, followed. Dependence on the chances of securing desirable immigrants through the persuasive eloquence and safe judgment of agents stationed at Ellis Island to make selections from the horde of immigrants who land there is a risky way of doing things. As long as Kentucky is going in for foreign immigration, the plan which offers the largest promise of benefits is that of having a safe representative in the country or countries from which the desired class of immigrants are to come.

with the proper coaching, he will make good. Freeman did not have the best support behind the bat this season, but played phenomenal ball for Evansville in the Central league. Paducah friends are glad to see the whirler go up.

Some Gossip.

Jimmie Freeman says that Mattie Mattison did not make good with Evansville in hitting. "Mattie did good work behind the bat," Freeman stated, "but his hitting was not good. He smacked them on the nose but they always went to some one. French did fairly good work and McClain got dissatisfied and jumped before the season was over. I do not know what is to be done about McClain."

Newfoundland Ministry.

The rumor is current that the Newfoundland ministry may follow the lead of the national cabinet and resign as a protest against the obnoxious *modus vivendi* regarding the herring fisheries between the United States and Great Britain.

REAL ESTATE AND INSURANCE

Have You Property to Sell? If So, Place it With Us

We have, after a good deal of hard work and study, perfected an organization to sell real estate in Paducah and West Kentucky that should, in all reason, prove very effective.

The business will receive personal attention of competent real estate men--men who know how to close a deal, and to get a proper price; who don't sit around our office and wait for customers to come in, but on the other hand get out and see personally people whom we know are interested in buying property.

Then, too, we have appropriated a liberal amount for advertising all property placed with us, which is very important for any agency.

We should like to talk to you personally, if you have any property to sell, and show you why it is to your interest to place your property with us.

We also sell all kinds of insurance, and have representative companies in fire, life, accident, liability and every line of insurance.

Just phone 127 and our Mr. Hollins will call to see you.
